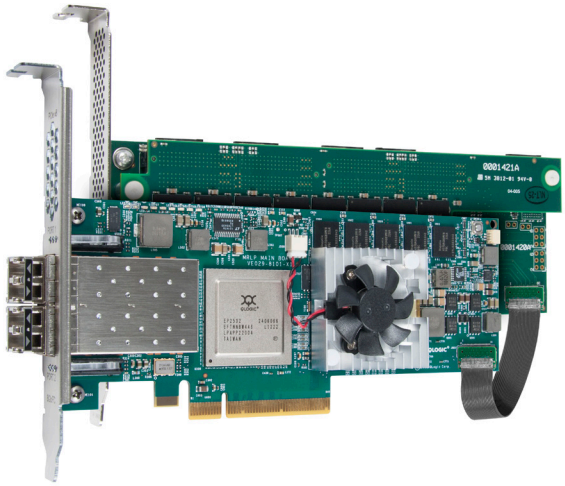
Introducing QLogic's FabricCache™ 10000 Series Adapters

QLOGIC®
The Ultimate in Performance

A simpler way to supercharge application performance for servers across the SAN!



QLogic is excited to announce the new FabricCache 10000 Series Adapters! This breakthrough technology combines QLogic's market-leading Fibre Channel adapter, intelligent caching and I/O management with connectivity to a server-based PCIe® flash card.

FabricCache is exceptionally simple to deploy and manage and transforms single-server, captive cache into a shared, performance-enhancing resource for a wide range of enterprise applications that rely on SAN storage.
